

SB-S82VA

SB-S82VA eight inputs two outputs video&audio switch RCA switch

Specifications

8 INPUTS 2 OUTPUTS AV SIGNAL SELECTOR

Adopting high-quality components and advanced circuit design technology

8 INPUTS 2 OUTPUTS AV SIGNAL SELECTOR

1. Adopting high-quality components and advanced circuit design technology
2. High isolation, fine shielding quality, strong interference resistance ability
3. Suitable for family, hotel, singing hall, shopping mall, school, and factory
4. 8 inputs 2 outputs

Eight inputs two outputs video & audio switch

Video : Bandwidth:50Hz-5.5MHz

Audio : Frequency characteristic :10HZ-20KHZ,0dB

Features

1. Adopting high-quality components and advanced circuit design technology.
2. High isolation, excellent shielding, strong interference resistance.
3. Suitable for family, hotel, singing hall, shopping mall, school, factory, etc.

Key Parameters

Item	Model	SB-S82VA
Video	Rated input signal voltage and impedance	VS0.8-1.0Vp-p/75Ω
	Rated output signal voltage and impedance	VS0.8-1.0Vp-p/75Ω
	Bandwidth	50Hz-5.5MHz
	8inputs ,2 outputs	
Audio	Rated input signal voltage and impedance	2V(RMS)/47KΩ
	Rated output signal voltage and impedance	2V(RMS)/47KΩ
	Frequency characteristic	10HZ-20KHz,0dB
	8 inputs(L,R),2 outputs(L,R)
