

Test Probe with Clamp - Pogo Pin 2x10p

- [Description](#)

With this test probe you can easily test something without soldering. In addition to the standard pogo test probes, this variant has a clamp, which makes it easy to clamp the pogo pins on, for example, a PCB.

Specifications:

- Connector 1: Pogo pin 2x10p
 - Tip diameter: 1.3mm
 - Stroke: 2.5mm
- Connector 2: DuPont 2x10p male
- Pin distance: 2.54mm

Package contents:

- 1x Test Probe with Clamp - Pogo Pin 2x10p
- 1x DuPont female-female connection cable (~35cm)
