LARGE ALLIGATOR CLIP TEST LEADS

Product Datasheet

1. Product Description

Large Alligator Clip Test Leads are electrical testing cables equipped with insulated alligator clips at both ends. They are suitable for electrical testing, circuit connections, and laboratory applications.

2. Product Specifications

Parameter	**Specification**
Product Name	Large Alligator Clip Test Leads
Connector Type	Alligator Clip
Clip Size	Large
Cable Length	500 mm (50 cm)
Cable Colors	5 Colors
Total Quantity	10 Pieces
Cable Type	Flexible Test Lead Wire

Insulation	Insulated
Application	Electrical Testing & Circuit Connections
Packaging	10-Piece Set

3. Electrical Specifications

Parameter	**Specification**
Rated Voltage	Not Specified
Rated Current	Not Specified
Wire Gauge	Not Specified
Conductor Material	Not Specified

4. Applications

- Electrical and electronic testing
- Laboratory experiments
- Circuit prototyping
- Temporary electrical connections
- Educational and repair applications

5. Package Contents

- 10 × Alligator Clip Test Leads
- 5 different cable colors

Note: Specifications not confirmed by the manufacturer are marked as "Not Specified".
