

1.27mm Pitch HP45 HP78 Head Driver Board Modular Spring Contacts 52 Pin Printer Cartridge Pogo Pin Connector

At USBR, we provide durable pogo pin connectors with fast lead times and strict quality control. Backed by rigorous testing and expert engineering, USBR pogo pin connectors deliver superior performance and reliability.

High Durability – Premium materials ensure long-lasting performance.

Secure Soldering – Reduces defects and enhances efficiency.

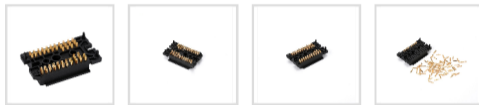

Fast Data & Power – Supports high-speed transfer and stable delivery.

Wide Compatibility – Ideal for electronics, industrial, and smart devices.

Mass Production Ready – Scalable for large-scale manufacturing.

Category: Pogopin Connector

Key words:

Product Attributes

Product	52 Pin Printer Cartridge Pogo Pin Connector
Pin	52Pin
Mechanical Life	10000cycles
Material	Brass, Alloy, High Temperature Plastic
Application	Medical,Industrial,Instruments
Certification	ROHS, CE, REACH,UL
Free Samples Available Contact	jason@usberr.com/ +86 18682102592

Application Fields&Products

1. Audio and video products: MP3, MP4, DVD, audio system;
2. Digital products: digital cameras, digital camcorders, etc;
3. Remote control: Remote control for vehicles, roll up doors, and home anti-theft products;
4. Communication products: mobile phones, car phones, telephones, building equipment, PDAs, etc;
5. Household appliances: TV, microwave, rice cooker, electric fan, electronic body scale, electronic fat scale, electronic kitchen scale, etc;
6. Security products: visual intercoms, monitors, etc;
7. Toys: electronic toys, etc;
8. Computer products: cameras, recording pens, etc;
9. Fitness equipment: treadmill, massage chair, etc;
10. Medical equipment: blood pressure monitors, thermometers, hospital call systems, etc.

Who Are We?

Shenzhen USBR Precision Metal Electronics Co., Ltd. (abbreviated as USBR), is a comprehensive manufacturing factory that integrates product design, mold manufacturing, metal stamping, injection molding, automated assembly and full inspection, and SMT placement. Our company has factories and sales departments in both Shenzhen of Guangdong and Yueqing of Zhejiang. The factory covers an area of 12,000 square meters, with over 150 employees. We have 18 automated assembly production lines and a CNC processing center. Our company possesses high-precision processing equipment for the entire production process of connectors and switches.

All products are produced through full automation, enabling us to quickly provide low-cost and high-quality products. We value long-term construction and development, and have a complete and scientific quality management system. Our production processes strictly follow the ISO9001:2008 quality management system standards. We have comprehensive quality assurance and testing equipment, and strictly adhere to standardized production processes and technological techniques.
