

2.8 Inch LCD Display Screen 240X320 Resolution Display Module

Product Attributes

Usage	Small-sized LCM, Monitor LCM, Notebook LCM, TV-LCM
Digital LCD Module Type	Metering Module
Touch Screen Type	6 O'clock
Model NO.	HC240320TFT28-307-V3
Type	Color
Response Time	16ms
Viewing Angle	TN + FILM
Display Technology	TFT
DOT-Matrix Graphic LCD Module Type	Row/Column Control Type
LCD Drive Mode	Multiplex Drive LCD Module
Customized	Non-Customized
Transport Package	Blister Packaging/Foam/Carton
Specification	2.8 inch TFT lcd display module
Trademark	HC
Origin	Cn
Production Capacity	150000pieces/Year

Product Description

LCD Size	2.8 inch(Diagonal)	Display type	Normally white
Display Mode	TFT	General tolerance	+ -0.2
Resolution	240*320(H)V	Backlight	White
Origin	CN	Operating Temp	-20°C ~ + 70°C
Module Size	50.0X69.2X3.64	Storage Temp	-30°C ~ + 80°C
Active Area	43.20*57.60	Viewing Direction	6 O'CLOCK

Company Profile

Huachen Intelligent Technology (Shenzhen) Co., Ltd. which was established in 2015, is a national high-tech enterprise integrating the research, development, manufacturing and sales of LCD display modules, touch screens and optical bonding modules.

Now the company has 107 employees in total. We have 2 full automatic module production lines, 2 optical bonding production lines and 3 semi-automated module production lines. In this position, we are more focus on doing small and middle size display modules which is from 0.96 inch to 17.3 inch with a monthly capacity of more than 500k.

Since the company was founded seven years ago, Huachen has won a good reputation in the industrial applications, medical equipments and automotive products. By virtue of the service concept of "doing a good job with heart", representatives of leading enterprises or listed companies in some fields work closely with Huachen, and our products are sold to more than ten countries and regions overseas.
